

High Precision EPOXY RESIN MACHINE for 50Hz Frequency Processing Type Casting

Our Product Introduction

for more products please visit us on jc-transformer.com

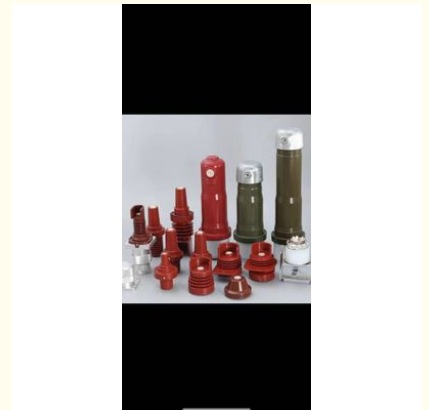

Basic Information

- Place of Origin: China
- Brand Name: JC
- Certification: SGS CE,UL
- Model Number: 888
- Minimum Order Quantity: 1 pcs
- Price: consult
- Packaging Details: Wooden
- Delivery Time: 5 days
- Payment Terms: T/T, Western Union, MoneyGram, D/P
- Supply Ability: 100pcs/month

Product Specification

- Processing Type: Casting
- Frequency: 50Hz
- Material: Epoxy Resin
- Clamping Force: 200KN
- Year Of Manufacture: 2018
- Voltage: 220V
- Model: Used Machine
- Application: Industrial
- Highlight: **50Hz EPOXY RESIN MACHINE,
High Precision EPOXY RESIN USED MACHINE,
Casting EPOXY RESIN MACHINE**

Product Description

Product Description:

The machine is in good condition, having undergone thorough testing and maintenance to ensure that it is in optimal working order. It has been previously used to produce high-quality epoxy resin products, making it an excellent choice for those in the industry. The tilt angle of the EPOXY RESIN USED MACHINE is four sided tilt, which provides greater flexibility and versatility in the production process. Additionally, it can also perform normal tilt operations, making it a highly adaptable piece of equipment. Overall, the EPOXY RESIN USED MACHINE is an excellent investment for those looking for a reliable and efficient piece of APG equipment. Its high-quality construction, excellent condition, and adaptability make it an excellent choice for those in the epoxy resin industry.

Features:

Product Name: EPOXY RESIN USED MACHINE
Condition: Good
Processing Type: Casting
Frequency: 50Hz
Features:
High Precision
Low Maintenance
Durable
Main template size: 1000*600*60mm
Double Station
Ordinary inclined dual station
Dedicated for CT PT of transformer
Four sided tilted single station APG equipment
Suitable for all insulation products

Technical Parameters:

Attribute	Value
Application	Industrial
Main Template Size	1000*600*60mm
Material	Epoxy Resin
Features	High Precision, Low Maintenance, Durable
Voltage	220V
Lower Core Pulling Stroke	390mm
Capacity	5 Tons
Power Source	Electric
Warranty	1 Year
Condition	Good

Applications:

This machine is suitable for upper and lower mold opening product molds. It comes with SGS, CE, and UL certifications, ensuring that it meets the quality standards required for industrial use. The equipment is made in China and has a minimum order quantity of 1 piece. The price is available upon consultation, and payment terms include T/T, Western Union, MoneyGram, and D/P. The supply ability is 100 pcs per month, and the delivery time is approximately 5 days. The packaging details are wooden, ensuring that the machine is protected during transportation.

The JC 888 model is an excellent investment for those who require the production of insulation products with high-quality standards. The machine is equipped with the latest technology, ensuring consistent and reliable results. The equipment is suitable for various occasions and scenarios, including industrial applications, factories, and laboratories.

Support and Services:

The Epoxy Resin Used Machine product comes with a comprehensive technical support and services package to ensure that our customers can get the most out of their investment. Our team of experienced technicians is available to provide assistance with any technical issues that may arise during the installation, setup, and operation of the machine. We also offer training services to help users become familiar with the machine and its capabilities.

In addition, we provide regular maintenance and repair services to keep the machine in top condition and minimize downtime. Our technicians can perform routine maintenance tasks, such as cleaning and calibration, as well as more complex repairs if necessary. Finally, we offer a range of upgrade and customization options to allow customers to tailor the machine to their specific needs. Whether you need additional features or modifications to the existing setup, our team can work with you to find a solution that meets your requirements.

Packing and Shipping:

Product Packaging:

The Epoxy Resin Used Machine will be carefully packed in a sturdy cardboard box to ensure its safe delivery.

The machine will be wrapped in bubble wrap or foam to prevent any damage during transportation.

All necessary accessories and manuals will be included in the package.

Shipping:

We offer free shipping to customers within the continental United States.

For international customers, shipping fees will be calculated based on the destination and weight of the package.

We use reliable shipping carriers to ensure prompt and safe delivery of your order.

You will receive a tracking number once your order has been shipped so that you can track its delivery status.

FAQ:

Q1: What is the brand name of the EPOXY RESIN USED MACHINE?

A1: The brand name of the EPOXY RESIN USED MACHINE is JC.

Q2: What is the model number of the EPOXY RESIN USED MACHINE?

A2: The model number of the EPOXY RESIN USED MACHINE is 888.

Q3: Is the EPOXY RESIN USED MACHINE certified?

A3: Yes, the EPOXY RESIN USED MACHINE is certified by SGS, CE, and UL.

Q4: What is the minimum order quantity for the EPOXY RESIN USED MACHINE?

A4: The minimum order quantity for the EPOXY RESIN USED MACHINE is 1 piece.

Q5: What are the payment terms for the EPOXY RESIN USED MACHINE?

A5: The payment terms for the EPOXY RESIN USED MACHINE are T/T, Western Union, MoneyGram, and D/P. Please consult for the price.

Q6: What is the supply ability of the EPOXY RESIN USED MACHINE?

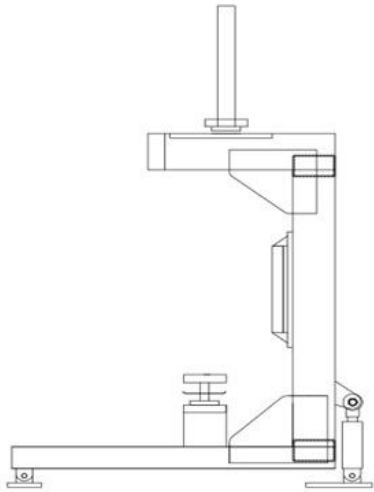

A6: The supply ability of the EPOXY RESIN USED MACHINE is 100 pieces per month.

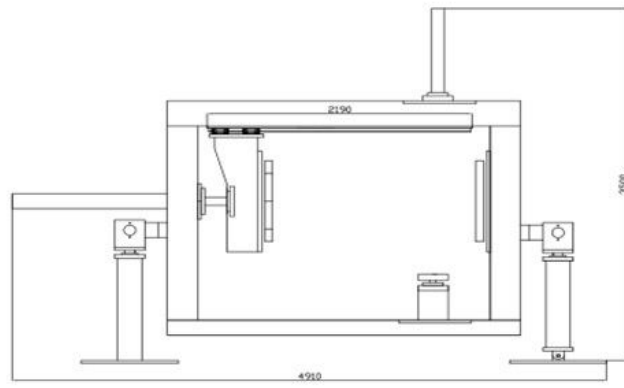

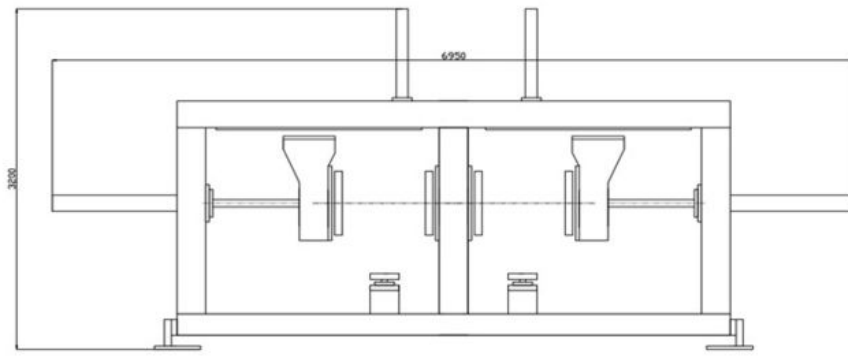

Q7: What is the delivery time for the EPOXY RESIN USED MACHINE?

A7: The delivery time for the EPOXY RESIN USED MACHINE is 5 days.

Q8: What are the packaging details for the EPOXY RESIN USED MACHINE?

A8: The packaging details for the EPOXY RESIN USED MACHINE are wooden.
