

Dynamic Correction Of The Motor Automatic Transformer Coil Winding Manufacturing Machine

Our Product Introduction

for more products please visit us on jc-transformer.com

Basic Information

- Place of Origin: China
- Brand Name: JC
- Certification: SGS CE,UL
- Model Number: 90Q0
- Minimum Order Quantity: 1 pcs
- Price: consult
- Packaging Details: Export standard packaging
- Delivery Time: 5 days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100pcs/month

Product Specification

- Outer Diameter Of Wire $\leq 600\text{mm}$
Coil:
- Power Supply: AC380V/50Hz
- Winding Angle: $0-360^\circ$
- Voltage: 220V
- Wire Feeding Tolerance: $\pm 0.1\text{mm}$
- Wire Range: 0.2-2.0mm
- Warranty: 3 Years
- Winding Pitch Tolerance: $\pm 0.1\text{mm}$
- Highlight: Automatic Transformer Coil Winding Machine,
Motor Transformer Coil Winding Machine,
Dynamic Transformer Coil Winding Machine

Product Description

Product Description:

With a power supply of AC380V/50Hz, this machine can handle heavy-duty tasks with ease. The wire tension can be adjusted up to 2.5kg, allowing for precise winding and optimal results. Whether you need to wind one ton or two ton transformers, this machine is up to the task.

The Round and Rectangular Copper Foil Dry type Transformer Winding Machine is designed to be user-friendly and easy to operate. With intuitive controls and a simple interface, even novice operators can quickly become proficient. And with its sturdy construction and reliable performance, this machine is built to last.

Features:

Product Name: Transformer Winding Machine

Wire Feeding Tolerance: $\pm 0.1\text{mm}$

Winding Angle: 0-360°

Wire Feeding Mode: Manual/Automatic

Wire Tension: 0-2.5Kg

Winding Direction: Left/Right

Intelligent pressure roller winding machine

TIG Layer Insulation Welding Device Foil Coiling Machine

Available in one ton or two ton options

Technical Parameters:

Product Name	Intelligent pressure roller winding machine for low pressure Transformers
Product Category	Transformer Winding Machine
Winding Pitch	0-999mm
Outer Diameter Of Wire Coil	$\leq 600\text{mm}$
Wire Feeding Length	0-9999mm
Wire Feeding Speed	0-1000rpm
Power Consumption	2.2KW
Wire Feeding Mode	Manual/Automatic
Control System	PLC
Coil Form	Circular, Oblong, Elliptical, Rectangular

``` Output: ```html

Product Name	Intelligent pressure roller winding machine for low pressure Transformers
Product Category	Transformer Winding Machine
Winding Pitch	0-999mm
Outer Diameter Of Wire Coil	$\leq 600\text{mm}$
Wire Feeding Length	0-9999mm
Wire Feeding Speed	0-1000rpm
Power Consumption	2.2KW
Wire Feeding Mode	Manual/Automatic
Control System	PLC
Coil Form	Circular, Oblong, Elliptical, Rectangular

### Applications:

Our Transformer Winding Machine is designed to cater to a wide range of product application occasions and scenarios. Whether you require Uncoiling and rectifying device Foil Winding Machine for Transformer LV Coils or an Intelligent pressure roller winding machine,

our product can handle it all. The Winding Speed of 0-1000rpm and Wire Specification of Enameled Wire make it a versatile product suitable for various industries.

We offer a Supply Ability of 100pcs/month and a Delivery Time of 5 days, ensuring timely delivery of your order. Our product is packed in Export standard packaging to ensure safe transportation. We offer a Warranty of 3 years, ensuring complete customer satisfaction. So, whether you are in the electronics industry or the power industry, our Transformer Winding Machine is perfect for you. Contact us today for a consultation and let us cater to your specific needs.

## Support and Services:

The Transformer Winding Machine is a sophisticated piece of equipment that requires technical support and services in order to ensure its optimal performance. Our team of experts is available to assist with any issues that may arise during the installation, operation, or maintenance of the machine.

We offer a variety of technical support and services, including:

Installation and setup assistance

Troubleshooting and problem resolution

Regular maintenance and inspections

Repair and replacement of parts

Training and education for operators and maintenance personnel

Our goal is to provide our customers with the highest level of support and service, ensuring that their Transformer Winding Machine operates efficiently and reliably throughout its lifespan.

## Packing and Shipping:

### Product Packaging:

The Transformer Winding Machine is carefully packaged to ensure safe delivery to our customers. Each machine is wrapped in a protective layer to prevent any scratches or damage during transportation. The machine is then placed in a sturdy cardboard box, which is sealed with high-quality tape to prevent any tampering or accidental opening during transit.

### Shipping:

We ship our Transformer Winding Machine to customers worldwide using reliable and trusted courier services. We ensure that each package is properly labeled and tracked to provide our customers with real-time updates on the status of their shipment. Our shipping rates are competitive, and we offer a range of delivery options to suit your needs.

## FAQ:

### Q1. What is the brand name of the Transformer Winding Machine?

A1. The brand name of the Transformer Winding Machine is JC.

### Q2. What is the model number of the Transformer Winding Machine?

A2. The model number of the Transformer Winding Machine is 90Q0.

### Q3. What certifications does the Transformer Winding Machine have?

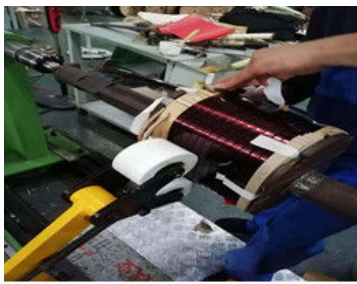

A3. The Transformer Winding Machine is certified by SGS, CE, and UL.

### Q4. Where is the Transformer Winding Machine manufactured?

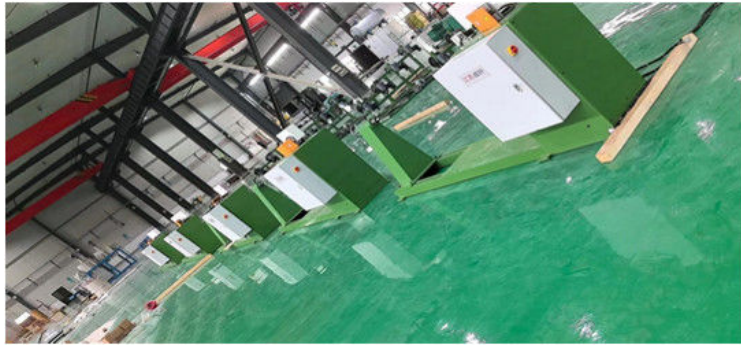

A4. The Transformer Winding Machine is made in China.

### Q5. What are the payment terms for purchasing the Transformer Winding Machine?

A5. The payment terms for purchasing the Transformer Winding Machine are L/C, T/T, Western Union, and MoneyGram. The price can be consulted and the minimum order quantity is 1 piece. The supply ability is 100 pieces per month and the delivery time is 5 days. The Transformer Winding Machine will be packed in export standard packaging.
