

## 6-Side Core-Puller APG Clamping For 10~35KV Potential Transformer

Our Product Introduction

for more products please visit us on [jc-transformer.com](http://jc-transformer.com)

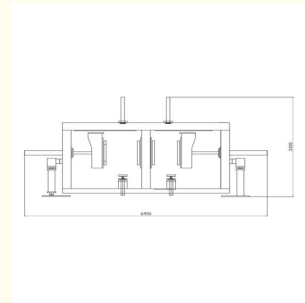

### Basic Information

- Place of Origin: China
- Brand Name: JC
- Certification: SGS CE,UL
- Model Number: 888
- Minimum Order Quantity: 1 pcs
- Price: consult
- Packaging Details: Wooden
- Delivery Time: 5 days
- Payment Terms: T/T, Western Union, MoneyGram, D/P
- Supply Ability: 100pcs/month

### Product Specification

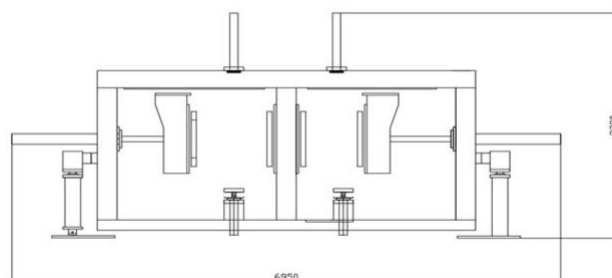

- Automation: Semi-automatic
- Upward Core Pulling Stroke: 690mm
- Application: Industrial
- Frequency: 50Hz
- Warranty: 1 Year
- Main Template Size: 1000\*600\*60mm
- Model: Used Machine
- Clamping Force: 200KN
- Highlight: 35KV Potential Transformer core-Puller, APG Clamping core-Puller, 6-Side core-Puller

### Product Description

Our Product Introduction

## Product Description:

The Epoxy Resin Used Machine is designed for industrial use, making it perfect for various applications. It is a powerful electric-powered machine that runs smoothly and provides consistent results. The machine is built to last and can withstand heavy usage, ensuring that you get the most value for your investment.

The Epoxy Resin Used Machine comes with four-sided tilt angles, providing you with more flexibility and convenience. You can easily tilt the machine to any side, allowing you to work on your projects with ease and comfort. The machine is also available in double and single station models, providing you with the option to choose the one that best suits your needs.

One of the best things about the Epoxy Resin Used Machine is that it requires low maintenance. You can use it for extended periods without worrying about breakdowns or malfunctions. It is built to operate smoothly and consistently, ensuring that you can complete your projects without any interruptions.

The Epoxy Resin Used Machine is a high-precision device that can help you achieve accurate and consistent results. It is perfect for industrial applications, where precision is of utmost importance. You can rely on this machine to deliver exceptional results every time.

Our Epoxy Resin Used Machine comes with a one-year warranty, giving you the peace of mind that you are investing in a reliable and durable machine. You can rest assured that you are getting a high-quality product that will last you for years to come.

In conclusion, the Epoxy Resin Used Machine is an excellent addition to any industrial workspace. It is a powerful, reliable, and efficient machine that can help you with all your epoxy resin needs. With its four-sided tilt angles, double and single station models, high precision, low maintenance, and durability, it is an investment that you won't regret. So why wait? Get your hands on the Epoxy Resin Used Machine today and take your industrial projects to the next level!

## Features:

Product Name: EPOXY RESIN USED MACHINE

Clamping force: 200KN

Condition: Good

Upward core pulling stroke: 690mm

Power Source: Electric

Warranty: 1 Year

Tilt angle: Four sided tilt

APG888 common inclined double station automatic pressure gel equipment of transformer

## Technical Parameters:

Clamping force	200KN
Voltage	220V
Power Source	Electric
Application	Industrial
Upward core pulling stroke	690mm
Features	High Precision, Low Maintenance, Durable
Material	Epoxy Resin
Capacity	5 Tons
Automation	Semi-automatic
Processing Type	Casting

## Applications:

The EPOXY RESIN USED MACHINE is perfect for a variety of applications and scenarios. It is ideal for use in products of the inflatable cabinet and insulation series, and is suitable for upper and lower mold opening product molds. Our Double Station and Ordinary inclined dual station options make it easy to choose the right machine for your specific needs. Plus, our product is perfect for use with 10KV insulation components.

Our EPOXY RESIN USED MACHINE is semi-automatic, making it user-friendly and efficient. It has a lower core pulling stroke of 390mm, and is powered by electricity for reliable performance. Additionally, our product has a main template size of 1000\*600\*60mm, making it perfect for a variety of applications.

At JC, we pride ourselves on our exceptional supply chain. With a supply ability of 100pcs/month and a delivery time of just 5 days, our product is always available when you need it. Plus, our packaging details include a wooden box for added protection during transport. When it comes to payment, we accept a variety of options, including T/T, Western Union, MoneyGram, and D/P. Our pricing is competitive and always consultative, ensuring that you get the best deal for your needs.

## Support and Services:

Our Epoxy Resin Used Machine product comes with technical support and services to ensure that our customers have a seamless experience with our product. Our technical support team is available to answer any questions you may have regarding the proper use and maintenance of the machine. Additionally, we offer repair and maintenance services to ensure that your machine is always in top condition. Our technicians are highly trained and experienced in working with epoxy resin machines, so you can trust that your machine is in good hands.

## Packing and Shipping:

Product Packaging:

The EPOXY RESIN USED MACHINE will be securely packaged in a sturdy cardboard box.

The machine will be surrounded by protective foam to prevent any damage during transit.

All necessary components and instructions will be included in the package.

Shipping:

We offer free shipping to all locations within the United States.

Shipping will be handled by our trusted carrier partners and will typically take 3-5 business days to arrive.

Tracking information will be provided once the order has been shipped.

## FAQ:

**Q1: What is the brand name of this machine?**

A1: The brand name of this machine is JC.

**Q2: What is the model number of this machine?**

A2: The model number of this machine is 888.

**Q3: What certifications does this machine have?**

A3: This machine has been certified by SGS, CE, and UL.

**Q4: What is the minimum order quantity for this machine?**

A4: The minimum order quantity for this machine is 1 piece.

**Q5: What are the payment terms for this machine?**

A5: The payment terms for this machine include T/T, Western Union, MoneyGram, and D/P. Please consult us for the price and payment details.

**Q6: What is the supply ability of this machine?**

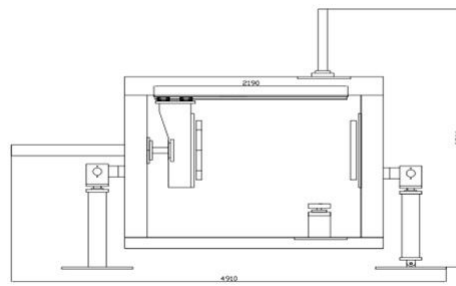

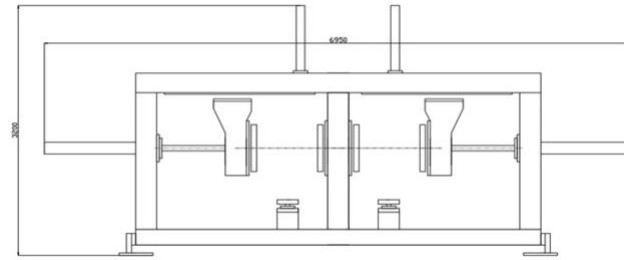

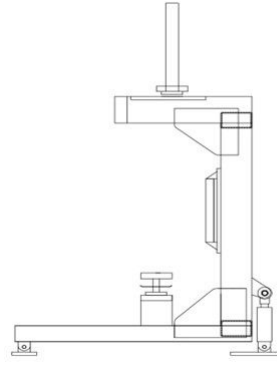

A6: The supply ability of this machine is 100 pieces per month.

**Q7: What is the delivery time for this machine?**

A7: The delivery time for this machine is 5 days.

**Q8: How is this machine packaged for delivery?**

A8: This machine is packaged in wooden boxes for safe delivery.
