

Customizable APG Clamping Machine for Tailored Molding Solutions

Our Product Introduction

for more products please visit us on jc-transformer.com

Basic Information

- Place of Origin: China
- Brand Name: JC
- Certification: SGS CE,UL
- Model Number: 888
- Minimum Order Quantity: 1 pcs
- Price: consult
- Packaging Details: Wooden
- Delivery Time: 5 days
- Payment Terms: T/T, Western Union, MoneyGram, D/P
- Supply Ability: 100pcs/month

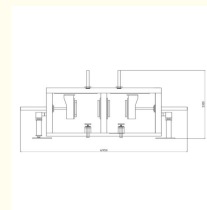

Product Specification

- Highlight: Tailored Molding Solutions APG Clamping Machine
, Customizable APG Clamping Machine

Product Description

Product Description:

The Epoxy Resin Machine is made of high-quality materials and is designed to withstand the rigors of continuous use. It is engineered to provide precise and consistent results, making it an ideal choice for industrial and commercial applications. This machine is easy to operate and requires minimal maintenance, which helps to reduce downtime and increase productivity.

The Epoxy Resin Machine is equipped with a powerful motor that provides a high level of torque, enabling it to handle even the most demanding resin casting processes. It also features a user-friendly control panel that allows operators to easily adjust the settings to achieve the desired results. The machine is also equipped with safety features that ensure the safety of the operator and prevent damage to the equipment.

The Epoxy Resin Machine is available in different models and configurations to meet the specific needs of different applications. It is designed to provide excellent value for money, making it a cost-effective solution for resin casting processes. The machine is also backed by a comprehensive warranty and technical support, ensuring that customers receive the best possible service and support throughout the life of the equipment.

Overall, the Epoxy Resin Machine is an excellent choice for anyone looking for a reliable and efficient solution for resin casting processes. It is a high-quality piece of equipment that is designed to provide excellent results, making it an ideal choice for industrial and commercial applications. If you are looking for a high-quality epoxy resin casting machine, the Epoxy Resin Machine is definitely worth considering.

Our Product Introduction

Features:

Product Name: Epoxy Resin Machine
Double-Station APG Clamping Machine
Servo HMI APG Clamping
Standard APG Clamping Machine

Technical Parameters:

Product Name	Epoxy Resin Machine
Product Type	CT&PT Winding Machine, APG Moulds
Maximum Capacity	1000 kVA
Power Supply	380V, 50Hz
Control System	PLC and Touch Screen
Operating Pressure	0.5-0.8 MPa
Curing Time (at 120°C)	2-3 hours
Dimensions (LxWxH)	2200mm x 1300mm x 1600mm

Applications:

One of the great features of the JC 888 Epoxy Resin Machine is its versatility. This machine can be used in a variety of applications, including the production of electrical insulation components, epoxy resin insulators, and other components. The machine is also suitable for use in the production of transformers, bushings, and other high-voltage electrical equipment.

The JC 888 Epoxy Resin Machine is a double-station APG clamping machine that is designed to be easy to use. The machine features a servo HMI APG clamping system that ensures precision and accuracy during the production process. This makes it ideal for producing high-quality products that meet the strictest standards.

With a minimum order quantity of just one piece, the JC 888 Epoxy Resin Machine is accessible to both small and large businesses. The price of the machine is available upon consultation, and payment terms include T/T, Western Union, MoneyGram, and D/P. With a supply ability of 100pcs/month, the JC 888 Epoxy Resin Machine is readily available for purchase.

The delivery time of the JC 888 Epoxy Resin Machine is just 5 days, and it comes packaged in wooden crates to ensure that it arrives at its destination in perfect condition. Whether you are a small business owner or a large manufacturer, the JC 888 Epoxy Resin Machine is a reliable and cost-effective solution for all of your epoxy resin production needs.

Support and Services:

Our Epoxy Resin Machine product comes with a comprehensive technical support and services package:

Installation and set-up assistance

Training for operation and maintenance

24/7 customer support for any technical issues or questions

Regular maintenance and servicing to ensure optimal performance

Warranty and repair services to cover any defects or malfunctions

We are committed to providing top-quality technical support and services to ensure customer satisfaction and the longevity of our product.

Packing and Shipping:

Product Packaging:

The Epoxy Resin Machine will be securely packaged in a cardboard box.

The box will contain foam inserts to protect the machine during shipping.

All necessary components and accessories will be included in the box.

A user manual and instructions for use will also be included.

Shipping:

The Epoxy Resin Machine will be shipped via a reputable courier service.

Shipping costs will be calculated based on the destination and weight of the package.

The estimated delivery time will be provided to the customer at the time of purchase.

A tracking number will be provided to the customer so they can track their package during transit.

FAQ:

Q: What is the brand name of this epoxy resin machine?

A: The brand name of this epoxy resin machine is JC.

Q: What is the model number of this epoxy resin machine?

A: The model number of this epoxy resin machine is 888.

Q: What certifications does this epoxy resin machine have?

A: This epoxy resin machine has been certified by SGS, CE, and UL.

Q: What is the minimum order quantity for this epoxy resin machine?

A: The minimum order quantity for this epoxy resin machine is 1 piece.

Q: What payment terms are accepted for this epoxy resin machine?

A: Payment for this epoxy resin machine can be made by T/T, Western Union, MoneyGram, or D/P. Please consult for more information.

Q: What is the supply ability of this epoxy resin machine?

A: The supply ability of this epoxy resin machine is 100 pieces per month.

Q: What is the delivery time for this epoxy resin machine?

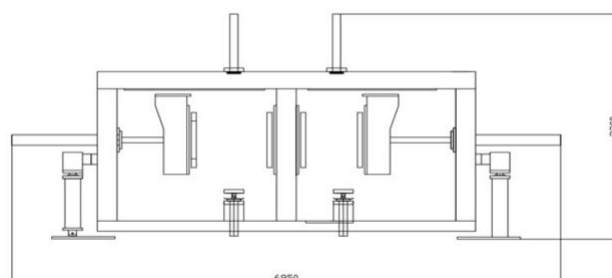

A: The delivery time for this epoxy resin machine is 5 days.

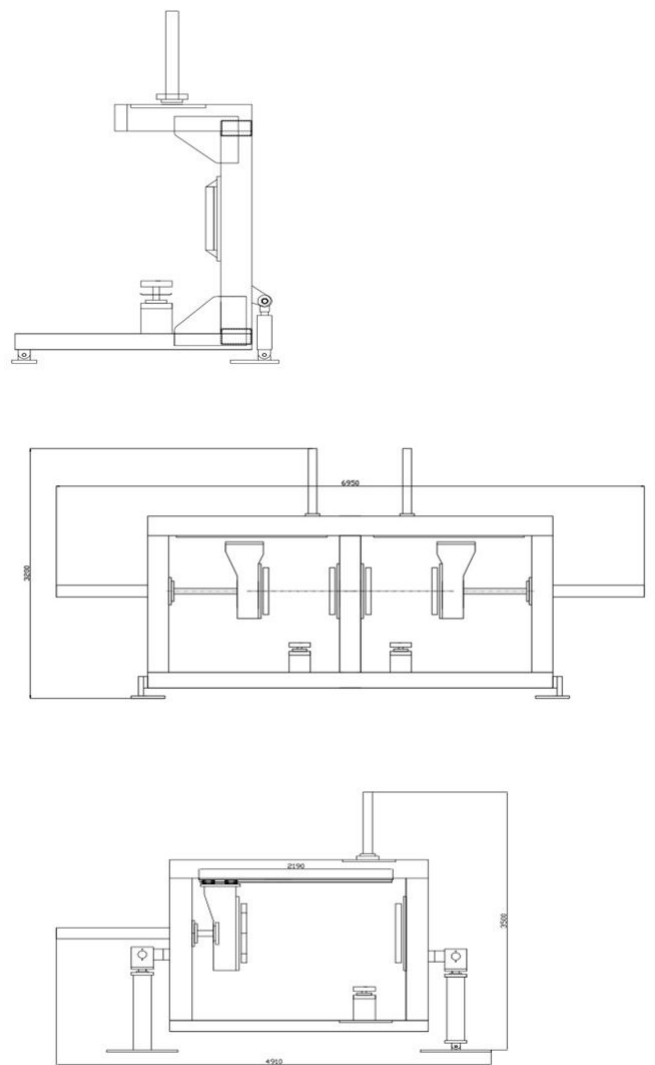

Q: What are the packaging details for this epoxy resin machine?

A: This epoxy resin machine is packaged in wooden packaging.

Q: How much does this epoxy resin machine cost?

A: Please consult for pricing information.
