

Power Electric Insulation Epoxy Resin Machine For Multi-Purpose Applications

Our Product Introduction

for more products please visit us on jc-transformer.com

Basic Information

- Place of Origin: China
- Brand Name: JC
- Certification: SGS CE,UL
- Model Number: 888
- Minimum Order Quantity: 1 pcs
- Price: consult
- Packaging Details: Wooden
- Delivery Time: 5 days
- Payment Terms: T/T, Western Union, MoneyGram, D/P
- Supply Ability: 100pcs/month

Product Specification

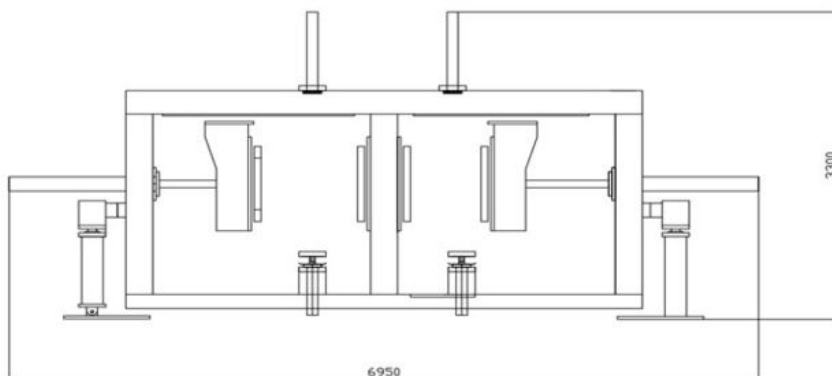

- Clamp Plate Size: 800*800mm
- Min MAX Clamp Plate Stroke: 240*1250mm
- Heating Power: 16KW
- Mould Load Weight: 2T
- Machine Dimension : 3100*1300*2500mm.
- Highlight: **Multi-Purpose Epoxy Resin Machine,
Power Epoxy Resin Machine,
Electric Insulation Epoxy Resin Machine**

Product Description

Product Description:

Whether you are working on a small or large project, this machine is designed to provide you with the flexibility and capability you need to get the job done. It comes with standard APG clamping machine features that ensure a secure and accurate clamping operation, allowing you to focus on creating high-quality products.

One of the key features of this machine is its servo HMI APG clamping technology. This technology ensures that the clamping operation is accurate and efficient, which is critical when working with epoxy resin. It also provides you with the flexibility you need to adjust the clamping force to suit your specific needs, making it ideal for a wide range of applications.

The APG moulds that come with this machine are designed to provide you with the best possible results, every time. These moulds are made from high-quality materials and are engineered to withstand the rigors of repeated use. They are also designed to be easy to use and maintain, ensuring that you can focus on creating your products without having to worry about the moulds.

Another great feature of this machine is its standard APG clamping machine capabilities. This feature ensures that the machine is easy to operate, even for beginners. It also ensures that the machine is safe and reliable, providing you with peace of mind while you work.

In summary, the Epoxy Resin Machine is a high-quality, reliable, and efficient tool that is ideal for anyone who needs to create products using epoxy resin. Its advanced technology, including servo HMI APG clamping and APG moulds, make it one of the most capable and versatile machines in the market. Its standard APG clamping machine features ensure that it is easy to operate and maintain, making it ideal for both beginners and experienced users alike.

Features:

Product Name: Epoxy Resin Machine

APG Clamping Machine

Double-Station APG Clamping Machine

CT&PT Winding Machine

Technical Parameters:

Product Name	Servo HMI APG Clamping Epoxy Resin Machine
Product Type	CT&PT Winding Machine
Clamping Method	Servo HMI APG Clamping

Applications:

The JC 888 Epoxy Resin Machine is a versatile product that can be used in a variety of occasions and scenarios. This machine is perfect for creating APG moulds, CT&PT winding, and double-station APG clamping. This product is certified by SGS, CE, and UL, so you can trust in its quality and safety.

One of the most common applications for the Epoxy Resin Machine is in the creation of APG moulds. These moulds are used to create high-quality, precision parts for a variety of industries. With the JC 888, you can easily create moulds that are strong, durable, and accurate, ensuring that your parts are of the highest quality.

Another great application for the Epoxy Resin Machine is in CT&PT winding. This is a process that involves winding copper wire around a core to create a transformer. The JC 888 makes this process easy and efficient, allowing you to create high-quality transformers quickly and easily.

If you need to create double-station APG clamping, the JC 888 is the perfect machine for the job. This process involves clamping two moulds together to create a single part. With the JC 888, you can easily create parts that are strong, durable, and accurate, making it

perfect for a variety of industries.

The JC 888 Epoxy Resin Machine is made in China and has a minimum order quantity of 1 piece. The price of this product is available upon consultation, and it can be paid for using T/T, Western Union, MoneyGram, or D/P. With a supply ability of 100 pieces per month, you can rest assured that you'll always have access to this versatile machine when you need it. Delivery time is just 5 days, and the product is packaged in a wooden box to ensure safe delivery.

Support and Services:

Our Epoxy Resin Machine product comes with comprehensive technical support and services to ensure smooth operation and maintenance:

On-site installation and training

24/7 technical support hotline

Regular maintenance and repair services

Remote troubleshooting and diagnostic services

Customized spare parts and accessories

We are committed to providing our customers with the best possible support and services to ensure their satisfaction with our product.

Packing and Shipping:

Product Packaging:

One Epoxy Resin Machine

Two 1-gallon mixing containers

Two mixing sticks

One user manual

Box dimensions: 15 x 12 x 9 inches

Box weight: 8 pounds

Shipping:

Shipping method: UPS Ground

Shipping time: 3-5 business days

Shipping cost: \$15.99

Shipping restrictions: Cannot ship to P.O. boxes or internationally

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is JC.

Q: What is the model number of this product?

A: The model number of this product is 888.

Q: What certifications does this product have?

A: This product is certified by SGS, CE, and UL.

Q: Where is this product made?

A: This product is made in China.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 pcs.

Q: What is the price of this product?

A: Please consult for the price of this product.

Q: What are the payment terms for this product?

A: The payment terms for this product are T/T, Western Union, MoneyGram, and D/P.

Q: What is the supply ability for this product?

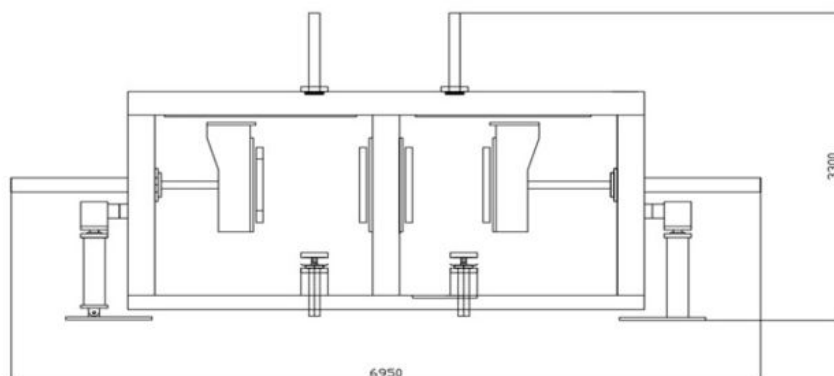

A: The supply ability for this product is 100pcs/month.

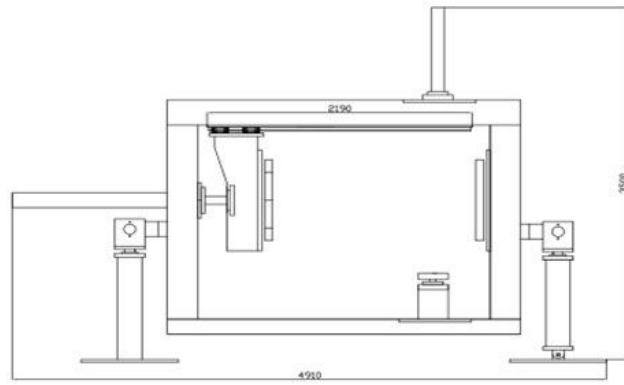

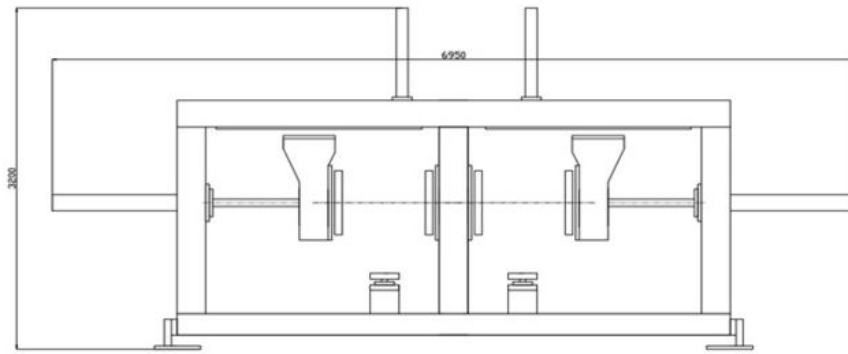

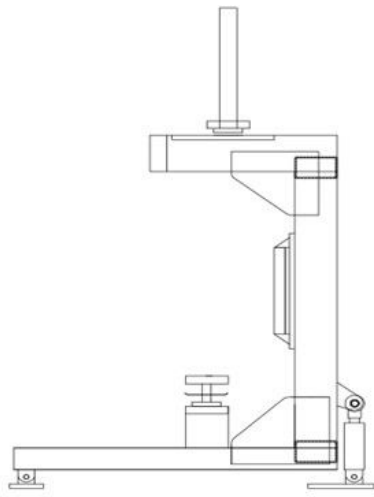

Q: What is the delivery time for this product?

A: The delivery time for this product is 5 days.

Q: What are the packaging details for this product?

A: The packaging details for this product are wooden.
