

## 600\*800mm Clamp Plate Size Epoxy Resin Machine With 12KW Heating Power International Shipping

Our Product Introduction

for more products please visit us on [jc-transformer.com](http://jc-transformer.com)

### Basic Information

- Place of Origin: China
- Brand Name: JC
- Certification: SGS CE, UL
- Model Number: 888
- Minimum Order Quantity: 1 piece
- Price: consult
- Packaging Details: Wooden
- Delivery Time: 5 days
- Payment Terms: T/T, Western Union, MoneyGram, D/P
- Supply Ability: 100pcs/month

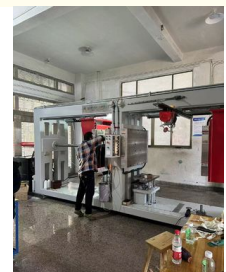

### Product Specification

- Product Name: 250kN Clamping Force APG Process Machine For Professional And Durable Epoxy Resin Production
- Control System: Servo HMI APG Clamping
- Upgrades And Customization Services: Available
- Applications: Standard APG Claming Mchine
- Clamp Force: 210KN
- Manufacturing Country: China
- Certifications: SGS, CE, UL
- Highlight: Servo HMI Control Epoxy Resin Machine, International Shipping Epoxy Resin Machine, 12KW Epoxy Resin Machine

## Product Description

### Product Description:

The Epoxy Resin Machine is a cutting-edge product designed for various applications in the field of epoxy resin processing. With a Supply Ability of 100 pieces per month, this machine ensures consistent availability for your production needs. Shipping is made convenient with Free standard shipping provided within the US. For international customers, shipping is available at an additional cost, allowing the Epoxy Resin Machine to reach customers worldwide. Designed for precision, the Epoxy Resin Machine boasts a Min MAX Clamp Plate Stroke of 240\*1250mm, providing ample space for your epoxy resin molding requirements. This makes it ideal for a wide range of projects within the Product Category of Epoxy Resin Machine. One of the key features of the Epoxy Resin Machine is its versatility in Applications. It is perfectly suited for use with the APG868 new epoxy resin automatic pressure gel hydraulic molding machine. Whether you are working with EPOXY RESIN USED or need an APG machine for indoor or outdoor Transformer CT PT applications, this machine delivers exceptional performance.

### Features:

MIXER WITH POTS  
EPOXY RESIN USED  
MIXER MACHINE  
Product Name: Epoxy Resin Machine  
Min MAX Clamp Plate Stroke: 240\*1250mm  
Clamp Force: 210KN  
Delivery Time: 5 days  
Certifications: SGS, CE, UL  
Heating Power: 12KW

### Technical Parameters:

Packaging	Wooden crates
Upgrades and Customization Services	Available
Heating Power	12KW
Clamp Force	210KN
Clamp Plate Size	600*800mm
Machine Type	Double-Station APG Clamping Machine
Shipping	Free standard shipping in the US, International shipping available at an additional cost
Manufacturing Country	China
Min MAX Clamp Plate Stroke	240*1250mm
Upper&Lower Core Puller Stroke	760*350mm

### Applications:

The JC 888 Epoxy Resin Machine is a versatile and reliable product that is suitable for a wide range of applications. With certifications from SGS, CE, and UL, this machine guarantees high quality and safety standards. Originating from China, this machine has a minimum order quantity of 1 piece and offers competitive pricing, which can be obtained through consultation. Accepted payment terms for the JC 888 Epoxy Resin Machine include T/T, Western Union, MoneyGram, and D/P, providing convenience and flexibility for customers. With a supply ability of 100 pieces per month and a quick delivery time of 5 days, this machine ensures efficient production processes. The packaging details for the JC 888 Epoxy Resin Machine include wooden crates, ensuring secure transportation and delivery of the product. As a part of the Epoxy Resin Machine product category, this specific model, the 250kN Clamping Force APG Process Machine, is designed for professional and durable epoxy resin production. This machine is ideal for a variety of product application occasions and scenarios. It is suitable for standard APG Clamping Machine applications, making it a valuable tool for businesses involved in epoxy resin production. Additionally, the JC 888 Epoxy Resin Machine can be used as a mixer machine for indoor or outdoor Transformer CT PT applications. Customers can benefit from free standard shipping in the US when purchasing the JC 888 Epoxy Resin Machine, with international shipping options available at an additional cost. Maintenance and repair services are also offered for this machine, ensuring long-term usability and reliability.

## Support and Services:

Our Product Technical Support and Services for the Epoxy Resin Machine include:

- Installation assistance to ensure proper setup and operation
- Troubleshooting guidance for any operational issues
- Regular maintenance recommendations to prolong the machine's lifespan
- Training sessions for operators to optimize usage and efficiency
- Access to online resources and documentation for quick reference

## Packing and Shipping:

Product Packaging:

The Epoxy Resin Machine is carefully packaged in a sturdy cardboard box to ensure safe delivery. The machine is securely nestled in foam padding to prevent any damage during transit.

Shipping:

We offer fast and reliable shipping for the Epoxy Resin Machine product. Orders are typically processed within 1-2 business days and shipped using a reputable courier service. Customers will receive a tracking number to monitor the delivery status of their package.

## FAQ:

**Q: What is the brand name of this epoxy resin machine?**

A: The brand name is JC.

**Q: What is the model number of this epoxy resin machine?**

A: The model number is 888.

**Q: What certifications does this epoxy resin machine have?**

A: It is certified by SGS, CE, and UL.

**Q: What is the place of origin for this epoxy resin machine?**

A: The machine is manufactured in China.

**Q: What are the accepted payment terms for purchasing this epoxy resin machine?**

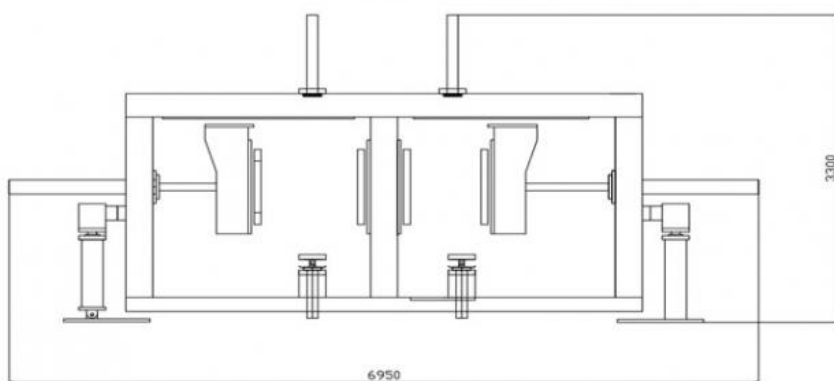

A: We accept T/T, Western Union, MoneyGram, and D/P.

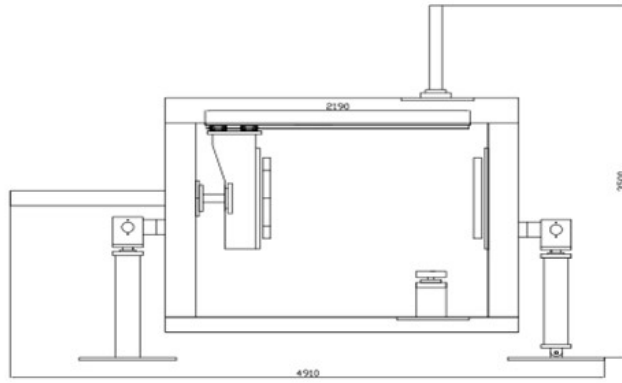

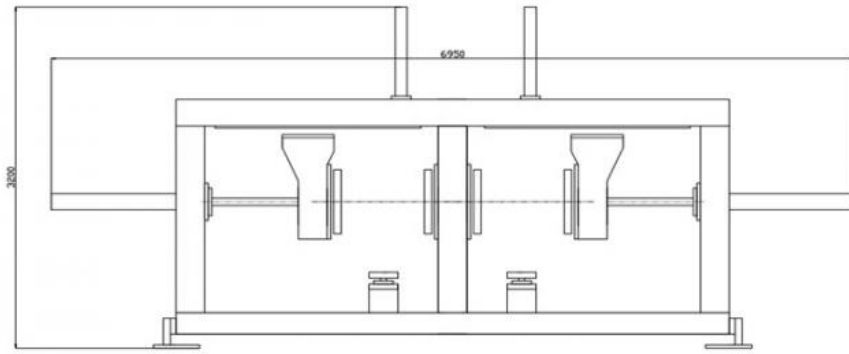

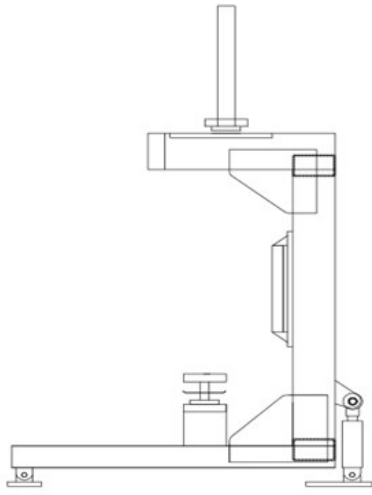

**Wuxi Jiachen Power Electronics Equipment Co., Ltd.**
