

## Upgrade Your Production With Epoxy Resin Dispensing Machine 210KN Clamp Force

Our Product Introduction

for more products please visit us on [jc-transformer.com](http://jc-transformer.com)

### Basic Information

- Place of Origin: China
- Brand Name: JC
- Certification: SGS CE,UL
- Model Number: 888
- Minimum Order Quantity: 1 pcs
- Price: consult
- Packaging Details: Wooden
- Delivery Time: 5 days
- Payment Terms: T/T, Western Union, MoneyGram, D/P
- Supply Ability: 100 pieces per month

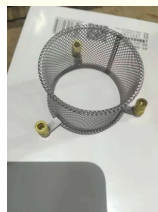

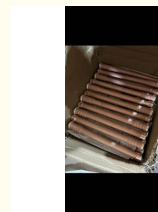

### Product Specification

- Product Application Occasions And Scenarios: Industrial Manufacturing, Automotive Industry, Electronics Industry, Research And Development, Small-Scale Production, Customization Services, Packaging Industry, Construction Sector
- Clamp Plate Size: 600\*800mm
- Manufacturing Country: China
- Applications: Standard APG Clamping Machine
- Clamp Force: 210KN
- FAQ: Brand Name: JC, Model Number: 888, Certifications: SGS, CE, UL, Manufacturing Country: China, Payment Terms: T/T, Western Union, MoneyGram, D/P
- Highlight: Upgrade Epoxy Resin Dispensing Machine, 210KN Epoxy Resin Dispensing Machine,

### Product Description

#### Product Description:

The Epoxy Resin Machine is a versatile piece of equipment designed for various industries and scenarios including Industrial Manufacturing, Automotive Industry, Electronics Industry, Research and Development, Small-Scale Production, Customization Services, Packaging Industry, and the Construction Sector. This machine is ideal for a wide range of applications and is especially suitable for the Standard APG Clamping Machine.

Named for its use of copper bars, filters, and other hardware components for Bushing, the Epoxy Resin Machine is an essential tool for bonding and mixing epoxy resin efficiently. The machine's advanced features and capabilities make it an indispensable part of any operation requiring precise and reliable epoxy resin bonding equipment.

When it comes to support and services, the Epoxy Resin Machine excels in providing comprehensive assistance to users. Customers can expect product installation guidance and support, troubleshooting assistance, regular maintenance recommendations, training sessions, and access to online resources and manuals. This ensures that users can maximize the machine's potential and operate it with confidence.

The control system of the Epoxy Resin Machine is powered by a Servo HMI APG Clamping system, offering precise control and monitoring capabilities. This advanced system allows users to adjust settings with ease and ensure accurate and consistent results in their epoxy resin mixing and bonding processes.

In conclusion, the Epoxy Resin Machine is a top-of-the-line solution for businesses and industries looking to enhance their epoxy resin bonding and mixing operations. With its wide range of applications, robust support and services, and advanced control system, this

machine stands out as a reliable and efficient choice for those in need of an Epoxy Resin Infusion System.

### Features:

Product Name: Copper bars, filters, and other hardware components are used for Bushing. -----

FAQ:

Brand name: JC

Model number: 888

Certifications: SGS, CE, UL

Manufacturing Country: China

Payment terms: T/T, Western Union, MoneyGram, D/P

Clamp Force: 210KN

Support and Services:

Product installation guidance and support

Troubleshooting assistance

Regular maintenance recommendations

Training sessions

Access to online resources and manuals

Delivery Time: 5 days

### Technical Parameters:

Product Category	Epoxy Resin Machine
Packaging	Wooden Crates
Supply Ability	100 pieces per month
Manufacturing Country	China
Clamp Plate Size	600*800mm
Control System	Servo HMI APG Clamping
Applications	Standard APG Claming Machine
Product Application Occasions and Scenarios	Industrial Manufacturing, Automotive Industry, Electronics Industry, Research and Development, Small-Scale Production, Customization Services, Packaging Industry, Construction Sector
Technical Support	Comprehensive Technical Support And Services
Minimum Order Quantity	1 piece

### Applications:

The JC 888 Epoxy Resin Machine is a versatile and reliable equipment suitable for a variety of product application occasions and scenarios. This machine is designed for handling epoxy resin varnishing, casting, and molding tasks with precision and efficiency. With certifications from SGS, CE, and UL, you can trust the quality and safety standards of the JC 888 Epoxy Resin Machine. Originating from China, this machine is built to meet international quality requirements.

The minimum order quantity for the JC 888 Epoxy Resin Machine is just 1 piece, making it accessible for both small-scale and large-scale operations. For pricing details, interested parties are advised to consult with the manufacturer directly.

Accepted payment terms for this machine include T/T, Western Union, MoneyGram, and D/P, providing flexibility for customers. With a supply ability of 100 pieces per month, the JC 888 Epoxy Resin Machine ensures prompt delivery within 5 days.

Each machine is carefully packaged in wooden crates to prevent any damage during transit. Additionally, maintenance and repair services are available, ensuring the longevity and optimal performance of the Epoxy Resin Machine.

Belonging to the product category of Epoxy Resin Machines, the JC 888 model offers comprehensive support and services. Customers can benefit from product installation guidance, troubleshooting assistance, regular maintenance recommendations, training sessions, and access to online resources and manuals.

### Support and Services:

Product Technical Support and Services for the Epoxy Resin Machine: -----

- Installation assistance
- Troubleshooting guidance
- Maintenance recommendations
- Repair services
- Replacement parts availability
- Product training and demonstrations

### Packing and Shipping:

#### Product Packaging:

The Epoxy Resin Machine is carefully packaged in a sturdy cardboard box to ensure safe transport and delivery. The machine is wrapped in protective bubble wrap to prevent any damage during shipping.

#### Shipping Information:

Shipping for the Epoxy Resin Machine is handled by our trusted carriers. We strive to process and ship orders within 1-2 business days. Once shipped, you will receive a tracking number to monitor the status of your delivery.

### FAQ:

Q: What is the brand name of the Epoxy Resin Machine? -----

A: The brand name is JC.

Q: What is the model number of the Epoxy Resin Machine?

A: The model number is 888.

Q: What certifications does the Epoxy Resin Machine have?

A: The Epoxy Resin Machine is certified by SGS, CE, and UL.

Q: Where is the Epoxy Resin Machine manufactured?

A: The machine is manufactured in China.

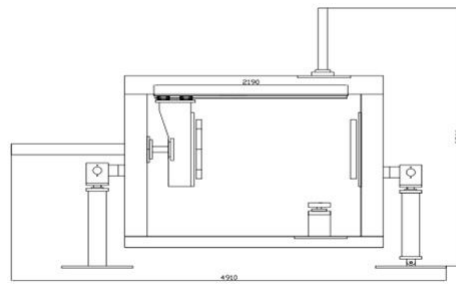

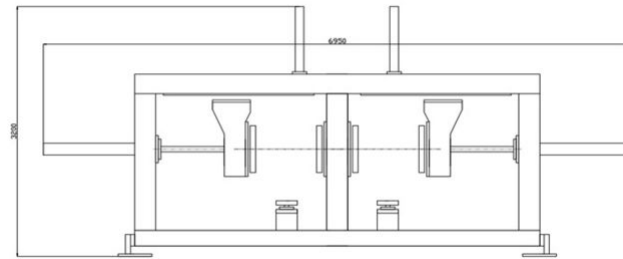

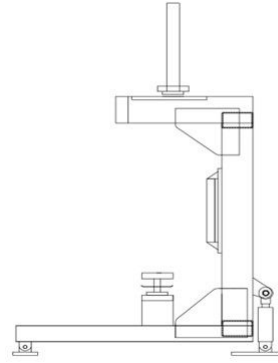

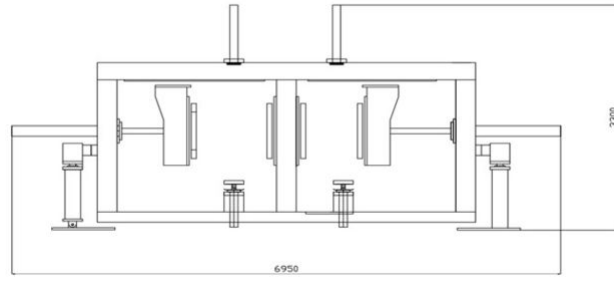

Q: What are the accepted payment terms for purchasing the Epoxy Resin Machine?

A: The accepted payment terms are T/T, Western Union, MoneyGram, and D/P.
