

## Manufacturing Country Epoxy Resin Machine For Maintenance And Repair Services

### Our Product Introduction

for more products please visit us on [jc-transformer.com](http://jc-transformer.com)

#### Basic Information

- Place of Origin: China
- Brand Name: JC
- Certification: SGS CE,UL
- Model Number: 888
- Minimum Order Quantity: 1 pcs
- Price: consult
- Packaging Details: Wooden
- Delivery Time: 5 days
- Payment Terms: T/T, Western Union, MoneyGram, D/P
- Supply Ability: 100pcs/month

#### Product Specification

- Product Application Occasions And Scenarios: Industrial Manufacturing, Automotive Industry, Electronics Industry, Research And Development, Small-Scale Production, Customization Services, Packaging Industry, Construction Sector
- Product Name: Electric Power Bushing Which Need The Hardwares Like Brass Bar
- Applications: Standard APG Claming Mchine
- Control System: Servo HMI APG Clamping
- Shipping: Free Standard Shipping In The US, International Shipping Available At An Additional Cost
- Clamp Force: 210KN
- Clamp Plate Size: 600\*800mm
- Manufacturing Countrv: China

## Product Description

### Product Description:

#### Product Summary:

The Epoxy Resin Machine is a high-quality product designed for various applications with a focus on Standard APG Clamping Machine processes. It falls under the Product Category of Epoxy Resin Machine and is ideal for use in industries requiring the encapsulation of components such as copper bars with epoxy resin.

#### Key Features:

Designed for Standard APG Clamping Machine applications

Ensures proper encapsulation of copper bars with epoxy resin

Reliable and durable construction

Easy to operate and maintain

With maintenance and repair services available, customers can rest assured that their Epoxy Resin Machine will be well taken care of throughout its lifespan. This service ensures that the machine operates at its optimal performance and minimizes downtime due to maintenance issues.

Shipping of the Epoxy Resin Machine is convenient with free standard shipping available within the US. For international customers, shipping is also available at an additional cost, making it accessible to a global market.

The minimum order quantity for this product is 1 piece, allowing both small and large-scale customers to acquire this essential machine for their operations.

Overall, the Epoxy Resin Machine is a reliable and efficient solution for encapsulating components like copper bars with epoxy resin. Its durable construction and ease of maintenance make it a valuable asset for industries requiring precise encapsulation processes.

### Features:

Product Name: Epoxy Resin Machine

Applications: Standard APG Clamping Machine

Control System: Servo HMI APG Clamping

Shipping: Free standard shipping in the US, International shipping available at an additional cost

Minimum Order Quantity: 1 piece

Manufacturing Country: China

### Technical Parameters:

Support and Services	Product installation guidance and support, Troubleshooting assistance, Regular maintenance recommendations, Training sessions, Access to online resources and manuals
Applications	Standard APG Clamping Machine
Product Application Occasions and Scenarios	Industrial Manufacturing, Automotive Industry, Electronics Industry, Research and Development, Small-Scale Production, Customization Services, Packaging Industry, Construction Sector
Control System	Servo HMI APG Clamping
Maintenance and Repair Services	Available
Minimum Order Quantity	1 piece
Product Category	Epoxy Resin Machine
Clamp Force	210KN
Delivery Time	5 days
Manufacturing Country	China

### Applications:

The JC 888 Epoxy Resin Machine is a versatile and high-quality product suitable for various application occasions and scenarios. With certifications from SGS, CE, and UL, this machine is manufactured in China and meets international standards of quality and safety. The minimum order quantity is 1 piece, and interested buyers can consult for pricing details.

Payment terms for the JC 888 Epoxy Resin Machine include T/T, Western Union, MoneyGram, and D/P, providing flexibility for customers. With a supply ability of 100 pieces per month, the machine can be delivered in just 5 days, ensuring quick access to this essential piece of equipment. The packaging details involve wooden crates for safe transportation.

As part of the epoxy resin machine category, this product offers maintenance and repair services, ensuring longevity and optimal performance. The clamp plate size of 600\*800mm accommodates a variety of projects, making it ideal for different applications.

The JC 888 Epoxy Resin Machine is suitable for a range of scenarios, including industrial settings, manufacturing facilities, and workshops. It can be used for various purposes such as creating molds, casting prototypes, and producing custom parts. The machine's

filters ensure precise and clean results, while the hardware components guarantee durability and reliability. One of the key features of the JC 888 Epoxy Resin Machine is the bushing used in its construction, providing smooth operation and consistent performance. Customers can refer to the FAQ section for more information about the brand, model number, certifications, manufacturing country, and payment terms associated with this product.

### Support and Services:

The Product Technical Support and Services for the Epoxy Resin Machine include: -----

- Installation assistance and guidance to ensure proper setup of the machine.
- Training sessions for operators to familiarize them with the operation and maintenance of the equipment.
- Troubleshooting support to address any technical issues that may arise during operation.
- Regular maintenance services to keep the machine running efficiently and prevent breakdowns.
- Product upgrades and modifications to enhance performance and capabilities as needed.

### Packing and Shipping:

Product Name: Epoxy Resin Machine  
Description: Our Epoxy Resin Machine is a high-quality device designed for mixing and dispensing epoxy resin for various projects.  
Package Includes: Epoxy Resin Machine, Mixing cups, Stirring sticks, Instruction manual  
Shipping: We carefully package the Epoxy Resin Machine to ensure it arrives safely to your doorstep. We use reliable shipping services to deliver your order in a timely manner.

### FAQ:

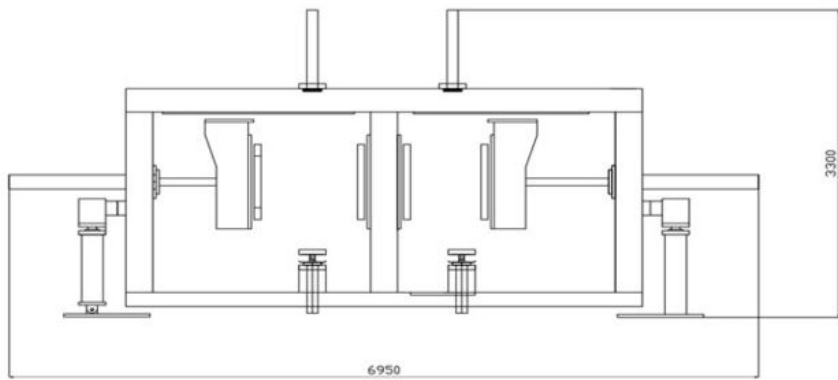

**Q: What is the brand name of this epoxy resin machine?** -----  
A: The brand name is JC.  
**Q: What is the model number of this epoxy resin machine?**  
A: The model number is 888.  
**Q: Where is this epoxy resin machine manufactured?**  
A: This machine is manufactured in China.  
**Q: What are the available certifications for this epoxy resin machine?**  
A: The certifications include SGS, CE, and UL.  
**Q: What are the accepted payment terms for purchasing this epoxy resin machine?**  
A: The accepted payment terms are T/T, Western Union, MoneyGram, and D/P.
