

## UL Approved Epoxy Resin Coating System For Industrial Coating Applications

### Our Product Introduction

for more products please visit us on [jc-transformer.com](http://jc-transformer.com)

#### Basic Information

- Place of Origin: China
- Brand Name: JC
- Certification: SGS CE,UL
- Model Number: 888
- Minimum Order Quantity: 1 pcs
- Price: consult
- Packaging Details: Wooden
- Delivery Time: 5 days
- Payment Terms: T/T, Western Union, MoneyGram, D/P
- Supply Ability: 100 pieces per month

#### Product Specification

- Product Name: Copper Bars, Filters, And Other Hardware Components Are Used For Bushing
- Clamp Force: 210KN
- Maintenance And Repair Services: Available
- Technical Support: Comprehensive Technical Support And Services
- FAQ: Brand Name: JC, Model Number: 888, Certifications: SGS, CE, UL, Manufacturing Country: China, Payment Terms: T/T, Western Union, MoneyGram, D/P
- Product Category: Epoxy Resin Machine
- Control System: Servo HMI APG Clamping
- Highlight: **UL Approved Epoxy Resin Coating System, Industrial Coating Epoxy Resin Coating System.**

## Product Description

### Product Description:

The Epoxy Resin Machine is an essential piece of equipment for any industrial setting looking to apply epoxy resin coatings efficiently and effectively. This advanced machine is designed to meet the highest standards of quality and performance, making it ideal for a wide range of applications.

The product name itself highlights the use of high-quality copper bars, filters, and other hardware components for the bushing, ensuring durability and reliability in operation. With a minimum order quantity of just 1 piece, this Epoxy Resin Machine is accessible for businesses of all sizes.

Equipped with a state-of-the-art control system featuring Servo HMI APG Clamping technology, this machine offers precise control and automation capabilities. The system allows for seamless operation and adjustment, ensuring consistent and accurate application of epoxy resin coatings.

One of the key advantages of this Epoxy Resin Machine is the availability of maintenance and repair services. This ensures that your equipment remains in top condition, minimizing downtime and maximizing productivity. Additionally, comprehensive technical support and services are provided to assist with any operational or technical queries.

Whether you are in need of an Epoxy Resin Coating System, Epoxy Resin Application Equipment, or an Epoxy Resin Casting Machine, this versatile and reliable Epoxy Resin Machine is the perfect solution for your needs. Its robust construction and advanced features make it a valuable asset for any industrial setting.

Investing in the Epoxy Resin Machine not only enhances the efficiency of your operations but also ensures the quality and durability of your epoxy resin coatings. With its user-friendly interface and advanced capabilities, this machine streamlines the application process, resulting in high-quality finishes and optimal performance.

Experience the benefits of cutting-edge technology and superior craftsmanship with the Epoxy Resin Machine. Whether you are a small business or a large industrial facility, this machine is designed to meet your specific requirements and exceed your expectations.

### Features:

Product Name: Epoxy Resin Machine

Certifications: SGS, CE, UL

Control System: Servo HMI APG Clamping

Packaging: Wooden Crates

Minimum Order Quantity: 1 piece

Supply Ability: 100 pieces per month

### Technical Parameters:

Control System	Servo HMI APG Clamping
Supply Ability	100 pieces per month
Manufacturing Country	China
FAQ	Brand name: JC, Model number: 888, Certifications: SGS, CE, UL, Manufacturing Country: China, Payment terms: T/T, Western Union, MoneyGram, D/P
Support and Services	Product installation guidance and support, Troubleshooting assistance, Regular maintenance recommendations, Training sessions, Access to online resources and manuals
Product Application Occasions and Scenarios	Industrial Manufacturing, Automotive Industry, Electronics Industry, Research and Development, Small-Scale Production, Customization Services, Packaging Industry, Construction Sector
Maintenance and Repair Services	Available
Certifications	SGS, CE, UL
Shipping	Free standard shipping in the US, International shipping available at an additional cost
Minimum Order Quantity	1 piece

### Applications:

When it comes to the application occasions and scenarios for the Epoxy Resin Machine by JC (Model Number: 888), the possibilities are vast and varied. This versatile machine, certified by SGS, CE, and UL, is ideal for a range of tasks involving epoxy resin, making it a valuable tool in different industries and settings.

One of the primary uses of this machine is for Epoxy Resin Bonding Equipment. Whether you are working on crafts, DIY projects, or industrial applications that require strong bonding capabilities, the Epoxy Resin Machine can deliver consistent and reliable results. Its clamp force of 210KN ensures secure bonding even for demanding projects.

Additionally, the Epoxy Resin Mixing Machine feature of this equipment makes it indispensable in environments where precise mixing

ratios are crucial for successful outcomes. From creating custom-colored resin blends to ensuring uniform consistency in large batches, this machine streamlines the mixing process and enhances efficiency.

Moreover, the Epoxy Resin Varnishing Machine capabilities of this product open up opportunities in industries where a glossy and protective finish is essential. Whether you are coating furniture, artwork, or electronic components with epoxy resin varnish, this machine provides a reliable and professional solution.

Originating from China, this Epoxy Resin Machine has a minimum order quantity of just 1 piece, making it accessible to a wide range of users. The price is available upon consultation, and the payment terms include T/T, Western Union, MoneyGram, and D/P, ensuring flexibility for customers. With a supply ability of 100 pieces per month, customers can rely on a steady availability of this essential equipment. The delivery time is a swift 5 days, and the packaging details include sturdy wooden crates to protect the machine during transit.

In conclusion, the Epoxy Resin Machine by JC is a reliable and versatile tool that caters to a diverse range of applications, from bonding and mixing to varnishing. With its certifications, manufacturing in China, and user-friendly attributes, this machine is a valuable asset in various industries and scenarios.

### Support and Services:

The Epoxy Resin Machine product offers comprehensive Product Technical Support and Services to ensure optimal performance and customer satisfaction. Our dedicated team of technical experts is available to assist with installation, troubleshooting, and maintenance of the machine. Additionally, we provide training and guidance to help users operate the machine efficiently and safely. Our goal is to deliver top-notch support to enhance the overall experience of using our Epoxy Resin Machine.

### Packing and Shipping:

Product Packaging:

The Epoxy Resin Machine is securely packaged in a sturdy cardboard box to ensure safe shipping. The machine is further protected with bubble wrap and foam inserts to prevent any damage during transit.

Shipping Information:

We offer free shipping for the Epoxy Resin Machine to customers within the contiguous United States. For international orders, shipping costs may apply and will be calculated at checkout. Orders are typically processed within 1-2 business days and shipped via a reliable courier service with tracking information provided.

### FAQ:

**Q: What is the brand name of this epoxy resin machine?** .....

A: The brand name is JC.

**Q: What is the model number of this epoxy resin machine?**

A: The model number is 888.

**Q: Where is this epoxy resin machine manufactured?**

A: This machine is manufactured in China.

**Q: What are the available certifications for this epoxy resin machine?**

A: This machine is certified by SGS, CE, and UL.

**Q: What are the accepted payment terms for purchasing this epoxy resin machine?**

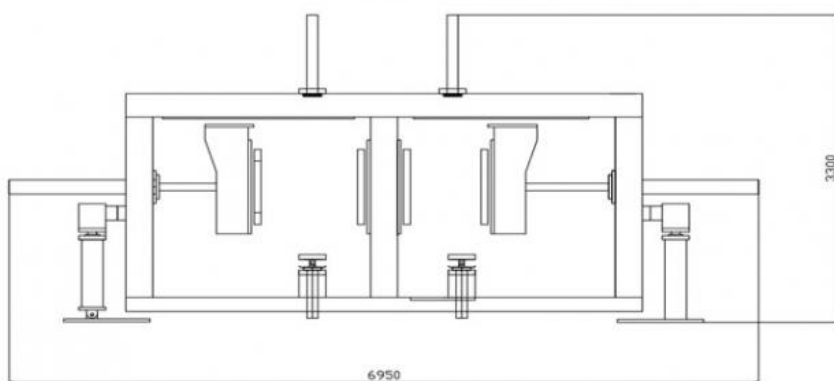

A: The accepted payment terms are T/T, Western Union, MoneyGram, and D/P.

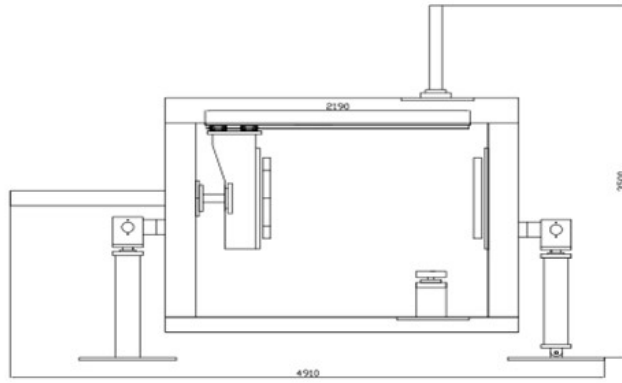

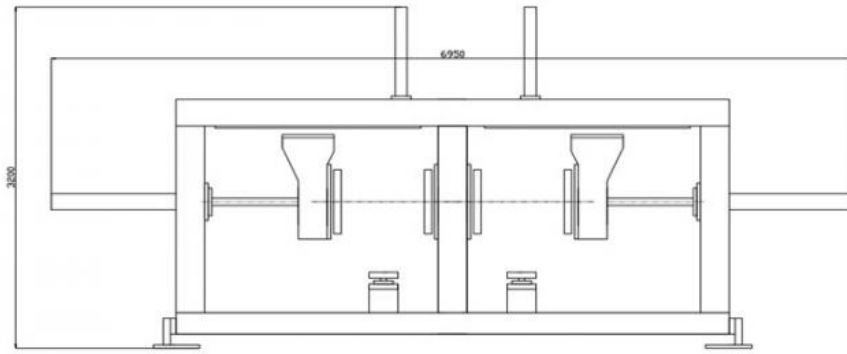

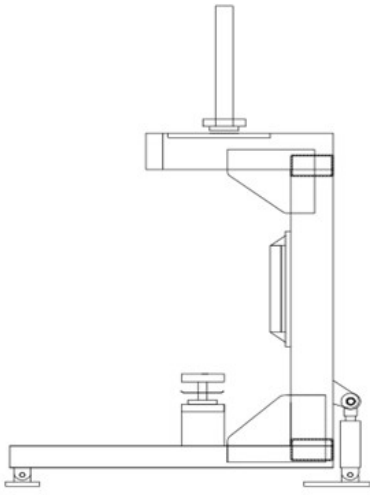

**Wuxi Jiachen Power Electronics Equipment Co., Ltd.**
