

## 210KN Clamp Force Epoxy Resin Machine with Technical Support and Product Installation Guidance for Comprehensive Services

Our Product Introduction

for more products please visit us on [jc-transformer.com](http://jc-transformer.com)

### Basic Information

- Place of Origin: China
- Brand Name: JC
- Certification: SGS CE,UL
- Model Number: 888
- Minimum Order Quantity: 1 piece
- Price: consult
- Packaging Details: Wooden
- Delivery Time: 5 days
- Payment Terms: T/T, Western Union, MoneyGram, D/P
- Supply Ability: 100 pieces per month

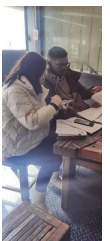

### Product Specification

- Clamp Force: 210KN
- Manufacturing Country: China
- Control System: Servo HMI APG Clamping
- Technical Support: Comprehensive Technical Support And Services
- Applications: Standard APG Claming Mchine
- Highlight: Customizable Epoxy Resin Machine, Servo HMI APG Epoxy Resin Machine, 210KN Servo HMI Epoxy Resin Machine

### Product Description

#### Product Description:

The Epoxy Resin Machine is a versatile and efficient product designed for various industrial applications. This electric power bushing is

specifically crafted to work seamlessly with hardware like Brass Bar, ensuring optimal performance and durability. Manufactured in China, this high-quality machine is perfect for a wide range of industries including Industrial Manufacturing, Automotive Industry, Electronics Industry, Research and Development, Small-Scale Production, Customization Services, Packaging Industry, and Construction Sector. With comprehensive technical support and services, users can rely on this machine to meet their specific needs and requirements. In case of any maintenance or repair needs, assistance is readily available to ensure continuous operation and maximum efficiency. Whether you are working with hardware such as Copper bars or need a reliable machine for your industrial processes, the Epoxy Resin Machine is the perfect solution. Trust in its quality, performance, and durability to enhance your operations and streamline your production processes.

## Features:

Product-Name: Epoxy Resin Machine  
Certifications: SGS, CE, UL  
Clamp Force: 210KN  
Delivery Time: 5 days  
FAQ:  
Brand Name: JC  
Model Number: 888  
Certifications: SGS, CE, UL  
Manufacturing Country: China  
Payment Terms: T/T, Western Union, MoneyGram, D/P  
Minimum Order Quantity: 1 piece

## Technical Parameters:

Technical Support	Comprehensive Technical Support And Services
Support and Services	Product installation guidance and support, Troubleshooting assistance, Regular maintenance recommendations, Training sessions, Access to online resources and manuals
Maintenance and Repair Services	Available
Product Name	Electric power bushing which need the hardware like Brass Bar
Certifications	SGS, CE, UL
Shipping	Free standard shipping in the US, International shipping available at an additional cost
Clamp Force	210KN
Product Application Occasions and Scenarios	Industrial Manufacturing, Automotive Industry, Electronics Industry, Research and Development, Small-Scale Production, Customization Services, Packaging Industry, Construction Sector
Minimum Order Quantity	1 piece
Packaging	Wooden Crates

## Applications:

Product Application Occasions and Scenarios for the JC 888 Epoxy Resin Machine:  
The JC 888 Epoxy Resin Machine, with certifications from SGS, CE, and UL, is a versatile and reliable machine suitable for a variety of applications. Its origin in China ensures high-quality manufacturing standards. With a minimum order quantity of 1 piece and a competitive price, the JC 888 Epoxy Resin Machine is ideal for both small-scale and large-scale production needs.  
Payment terms for the JC 888 Epoxy Resin Machine include T/T, Western Union, MoneyGram, and D/P, providing flexibility to customers worldwide.  
With a supply ability of 100pcs per month and a quick delivery time of 5 days, the JC 888 Epoxy Resin Machine ensures timely fulfillment of orders.  
The machine is carefully packaged in wooden crates to ensure safe transportation and delivery to customers.  
Technical support for the JC 888 Epoxy Resin Machine includes comprehensive technical assistance and services, guaranteeing smooth operations and maintenance.  
Equipped with certifications from SGS, CE, and UL, the JC 888 Epoxy Resin Machine meets international quality standards. Customers in the US can benefit from free standard shipping, while international shipping is available at an additional cost, making the JC 888 Epoxy Resin Machine accessible globally.  
Product Application Scenarios:  
- Bushing used: The JC 888 Epoxy Resin Machine is perfect for applications where bushing is required, ensuring precise and efficient results.  
- Filters: The machine can be used in scenarios that involve filtering processes, providing a seamless and effective solution.

## Support and Services:

The Epoxy Resin Machine product comes with comprehensive Product Technical Support and Services to ensure smooth operation and maintenance. Our team of experts is available to provide assistance with installation, troubleshooting, and repairs. In addition, we offer training programs to familiarize users with the machine's features and optimize its performance. Rest assured that our dedicated technical support team is committed to helping you make the most of your Epoxy Resin Machine.

## Packing and Shipping:

**Product Packaging:**  
The Epoxy Resin Machine is carefully packaged to ensure safe delivery. It is wrapped in protective materials to prevent damage during transit. The package includes clear instructions for proper handling and setup.  
**Shipping:**  
We offer reliable and efficient shipping services for the Epoxy Resin Machine. Orders are processed promptly, and the product is securely packed for transit. Customers can track their shipments and can expect timely delivery to their specified address.

## FAQ:

**Q: What is the brand name of the epoxy resin machine?**

A: The brand name is JC.

**Q: What is the model number of the epoxy resin machine?**

A: The model number is 888.

**Q: What certifications does the epoxy resin machine have?**

A: The certifications include SGS, CE, and UL.

**Q: Where is the epoxy resin machine manufactured?**

A: The machine is manufactured in China.

**Q: What are the available payment terms for purchasing the epoxy resin machine?**

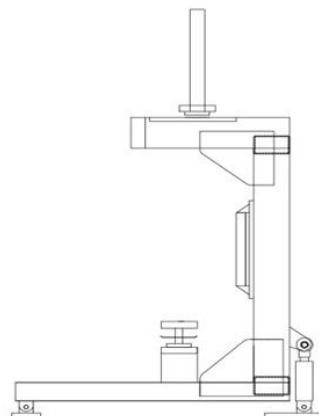

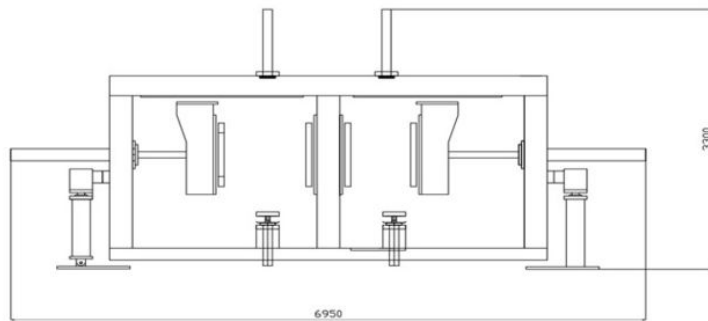

A: Payment terms include T/T, Western Union, MoneyGram, and D/P.
