

DHR-4-1400S Transformer Winding Machine with 900*900*900 Specification and 60000PCS/Year Production Capacity

Our Product Introduction

for more products please visit us on jc-transformer.com

Basic Information

- Minimum Order Quantity: 1
- Price: 3000

Product Specification

- Model NO.: DHR-4-1400S T
- Outer Diameter: < 600mm
- Axial Height: <800mm
- Coil Form: Circular, Oblong, Elliptical, Rectangular
- Wire Specification: Enameled Wire
- Dimensions: 900*900*900
- Production Capacity: 60000PCS/Year
- Transformer Capacity: 50KVA-630KVA
- Control System: PLC And Servo Motor
- Automation Level: High
- Coil Type: Low-voltage Foil, High-voltage
- Core Material: Amorphous, Silicon Steel
- Winding Layers: Two-Layer
- Machine Type: Dual-Purpose
- HS Code: 847981100

Product Description

Dhr-4-1400s Two-Layer Foil Strip Dual-Purpose Winding Machine

Product Overview

This automatic, intelligent multi-function winding machine is specially designed for winding core coils of amorphous (silicon steel) triangular coiling core transformers. Ideal for production of low-voltage foil coils and high-voltage coils in 50KVA-630KVA transformers.

Key Features

- Dual-purpose design for both low-voltage foil coils and high-voltage coils
- Automated PLC and servo motor control system
- High precision winding for circular, elliptical, oblong, and rectangular shapes
- Optimized for amorphous high-voltage coil production

Technical Specifications

- Compatible with power transformers, transformers, and reactances
- Advanced automation with PLC control system
- Precision servo motor operation
- Supports triangular three-dimensional core winding

Manufacturer Profile

Our company specializes in transformer production equipment with **115 invention patents, utility model patents, and software copyrights**. Our product line includes:

- Foil winding machines
- Automatic high pressure winding machines
- Triangular three-dimensional core foil winding machines
- Amorphous triangular core high/low pressure integrated winding machines
- Specialized transformer production equipment
